Minimum Bill:

After a six month initial startup period, service providers will be charged a minimum monthly bill according to the following timeline.

1-6 Months	No Minimum
7-18 Months	$500.00 Minimum
18+	$1,000.00 Minimum

Late Payment Charges:

Bills that remain unpaid 25 days after the billing date shall be assessed a late payment charge on the unpaid balance. The late payment charge shall be applied on the 26th day after billing and will be calculated using the US Prime Lending Rate as determined by the Federal Reserve and published in the Wall Street Journal as of the preceding March 15, divided by four (4), rounded to two digits and applied as a monthly percentage interest rate to the accrued outstanding balance. The applicable monthly percentage rate will be adjusted each March 15th based on this same formula. If March 15 falls on a non-business day, the District will use the prime rate published in the Wall Street Journal on the next business day. In no event however shall the minimum monthly late payment charge amount be less than $50.00. Late payment charges shall continue to accrue until such time as the bill and all accumulated charges have been paid in full.
